LEADERS LINE UP FOR FINAL DASH IN CONTEST!

MURDER STILL A PROFOUND MYSTERY

OFFICERS BELIEVE ROCCOSALVA
VICTIM OF BLACK HAND OR OF
VENGEANCE FOR SOME AFFAIR
HIDDEN IN PAST LIFE.

"We find the deceased came to his death through gunshot wounds at the hands of parties unknown." Such was the verdict of the coroner's jury sitting Tuesday morning in the case of Pietro Roccosalva, whose body was found in the back yard of his home at 713 Linden avenue, South San Francisco, at about 10 o'clock Sunday night. There were two bullet holes in the man's breast and the position of the body showed he had been working on his automobile when his assailant fired. One of the bullets broke the windshield of the machine and, after passing through Roccosalva's body, plowed through the back of the car. The position of the two holes showed the weapon had been held practically on a level and probably close in front of the car.

After nearly a week the identity of the murderer is as much a mystery as ever. The murdered man lived by himself and little is known of him. The identity of two strangers who were seen by neighbors at Roccosalva's house Sunday may furnish a clue, but as yet these two men have not been located. So far as is known the dead man has had no quarrels since a row he had with a Greek here about a year ago, and local officers are confident there is no connection between that affair and the man's death. Roccosalva told an acquaintance that he was forced to leave New York City several years ago because of some trouble he had there, but what that trouble was has not been learned.

The murdered man's body was discovered by neighbors. These neighbors state they heard two shots fired, but did not investigate for about ten minutes, and in that time the murderers made their escape. Robbery was evidently not the object of the man's assailants, as seemingly no attempt had been made to search the premises and money was later found in the house. Officers believe Roccosalva was the victim of a Black Hand

IN THE COURT OF JUSTICE W. J. SMITH

Frank Damante, given a hearing Tuesday on a charge of assault with a deadly weapon, was held for trial in the superior court. Damante was arrested on charge of James Battaglia. The charge grew out of a row between the men at Bijou Park, Colma, June 9, 1919. Damante is accused of using a knife on the complainant. The mother of Battaglia sprang a sensation in the court during the hearing by leaping to her feet while a witness was on the stand and loudly berating him in Italian. It was necessary to take the woman from the room.

Charles Young, superintendent of the water works in this city, brought a charge of battery and malicious mischief against R. D. McMills, who lives in Peck's Lots. The case was heard this week and McMills found guilty and fined \$25 on each charge. The fine for malicious mischief was remitted, however, on McMills' promise to pay for the damage done. The story brought out at the trial was that McMills took umbrage at the fact that the water at his home was shut off and went to Young's home to wreak vengeance. At the Young home, McMills broke in a glass door and laid violent hands on Young.

Mrs. Don Funge, wife of a prominent livestock dealer of Colma, has sworn to a complaint against her husband on a charge of failure to provide for his two minor children, Don Leroy Funge, aged 4½ years, and Robert, aged 10 months. This complaint was filed Tuesday and a warrant issued for Funge's arrest.

conspiracy or that the long arm of vengeance reached out from some affair in his past life to strike him down.

The dead man operated a fish and poultry peddling machine through South San Francisco and down the peninsula. His only known relative is his mother, who lives somewhere in Sicily.

The murdered man was buried Wednesday, the funeral being under the auspices of the local lodge of Druids. Burial was in the Italian cemetery.

COUNTY LAWMAKERS MEET AT REDWOOD

Will Send Needy Woman to Italy;
Clinic Matron Resigns; Sit
in Equalization.

The county supervisors met in regular session Monday with all members present except Supervisor Joseph Francis, who is ill. The session was taken up largely with routine.

One of the first matters taken up was the defraying of the expenses of a needy woman and her four children back to Italy. Supervisor MacBain brought the subject up, saying that the State Board of Charities would meet half the expense, which would amount in all to \$285. County Auditor Shields was directed to draw a warrant in this amount, with the express understanding that the state would reimburse the board later for one-half or \$142.50.

Mrs. Annie Hartley, matron at the county clinic in Redwood City, tendered her resignation to the board, to take effect on July 1st. The resignation was accepted.

The report of County Treasurer P. P. Chamberlain was received, showing a balance in the treasury on July 10th of \$248,328.

The report of County Auditor J. J. Shields was received, showing the amount of moneys that can be drawn against the several funds during July.

Miss Anne Belle Bailey, county librarian, submitted her monthly report, in which she announced the

SOUNDS WARNING OF JAPANESE AGGRESSION

Senator Addresses Large Audience in
Burlingame Telling of Yellow
Peril in California.

"Unless the whites drive out the Japanese from California the Japanese will drive the whites out," was the warning given by Senator James D. Phelan in his address Monday evening at the Howard avenue school, Burlingame. "The Japanese are now driving the whites out of certain sections where they have gained a foothold, for whites will not live and mingle with the Japanese," declared the senator. "For the white people know that if they do, economic disaster will follow as a result of the difference of living standards between the races, and national disaster will become an accomplished fact with inferiority in numbers and by association with an inferior, non-assimilable race. There is a serious blood obstacle, and when whites mingle with

resignation of Miss Helen Lamond, assistant in the office, and the appointment of Miss Anna Neff, librarian of the Sequoia high school, as assistant temporarily.

The board adjourned at 12:30 o'clock p. m., and immediately reconvened as a board of equalization. There being no applications for changes in assessments or any other business coming before the members, the board adjourned.

TOM HICKEY TAKES BRIDE IN SAN JOSE

Thomas Hickey Jr., son of Supervisor and Mrs. Thomas Hickey of South San Francisco, is receiving the congratulations of his many friends in this region, for Wednesday young Hickey became a benedict, the bride being Miss Clotilde Mayhew, daughter of Mr. and Mrs. Frank Mayhew, prominent residents of San Jose. The ceremony was performed at St. Patrick's Church in San Jose, Rev. Father Boland of Santa Clara College officiating. Following a week's honeymoon the young people will make their home in San Jose, where Mr. Hickey is in business.

Tom Hickey was born in South San Francisco and spent his life here until he left to attend Santa Clara College. He made an enviable record in athletics at college and when the war broke out entered the service, securing a lieutenant's commission. He is a prominent member of the San Mateo Elks. Miss Mayhew taught for several years at Lawrence school at San Mateo and while there made a wide circle of friends.

MRS. R. BAKER DIES LEAVING THREE CHILDREN

Mrs. R. Baker died in this city Thursday. Circumstances surrounding Mrs. Baker's death are especially sad, as she leaves twin babies born this week, as well as a little girl 18 months old. Robert Baker, the husband, is employed at the Union Iron Works, San Francisco. The deceased was a native of Finland and was 31 years of age. The funeral will be held from Stead's undertaking parlors, 424 Guerrero street, San Francisco, Saturday afternoon, burial at Mount Olivet Cemetery.

Japanese it results in degeneracy of offspring."

The senator denied that the Japanese are responsible for the reclamation and cultivation of much land that would otherwise be worthless. "Some one has said 'Only tickle the soil of California and it laughs with the harvest.' The Japanese are wasteful and unscientific farmers and have worked out much of the rich land in the delta regions where they have operated," said he.

The meeting, which was under the auspices of the Men's Club of St. Paul's Episcopal Church, was attended by nearly 700 persons.

SECOND PERIOD CLOSES 8 P. M. SATURDAY

VOTE TOTALS SOAR AS END OF
RACE LOOMS IN SIGHT; ONLY
ONE MORE WEEK OF CONTEST;
HELP FAVORITE NOW OR NEVER

With honors thus far about equally divided in The Enterprise-North End Progress automobile prize contest, leading candidates are preparing with feverish haste and intensity to make their final stand for victory before 8 o'clock this Saturday night—July 17th—the close of the "second period," and, incidentally, the last of subscriptions to be accepted direct by the campaign department.

Topping the two million vote mark, and surging ahead at the rate of several hundred thousand votes at a clip, Mrs. Mary Di Vita of South San Francisco continues to lead for first honors and the prize "Baby Grand" Chevrolet touring car, worth \$1500, although Miss Viola Hein, also of South San Francisco, Miss Violet Ver Linden of Colma and Miss Evelyn Pettingell of Daly City are crowding her hard for first place—the difference between the first and last named representing a mere handful of long-term subscriptions or Adv. and job printing card orders.

Pace Is Growing Hot

Any doubt as to the closeness of the race has been removed. Also it has been proven that there are a bunch of hustlers in South San Francisco, Colma, and Daly City who do not stand back on formalities, but pitch right in and get what is coming to them. The race, so far, has been a remarkably close one, so it depends VERY LARGELY upon the results obtained between now and 8 o'clock this Saturday night—the last of the BIG votes—as to who will finish victorious.

More general and concerted action has taken place during the past few days than at any other time since the contest began; and, with the race narrowing down to a limited few, each of the "favorites" is more determined than ever to be declared winner of first honors.

Interest in the competition is running high and strong. This is no idle

CENTRAL COMMITTEE ENDORSES SHORTRIDGE

Endorsement of Samuel M. Shortridge, Republican candidate for United States senator, by the Republican county central committee of San Francisco has given added impetus to his campaign, which has already met with widespread popular favor and is gaining ground daily in all parts of the state.

The addition of San Francisco to the long list of Republican county committees that have endorsed Shortridge is expected to result in more similar endorsements as soon as the party organizations are called together.

Among the county central committees that have already pledged their support to Shortridge are San Diego, Solano, Yolo, San Mateo, Siskiyou, Nevada, Imperial, Lake, and El Dorado.

The San Francisco resolution was unanimously adopted Thursday evening, after a fight to have William Kent endorsed was lost on a record vote of 25 to 2. The resolution, which urges support of Shortridge at the August primary election and the November general election, also endorses the national ticket, Harding and Coolidge, and Representatives Julius Kahn and John I. Nolan for re-election.

S. GIANELLA GOES TO DEVELOP MINE

Mr. Gianella has several associates in the ownership of the mining claim and is taking a number of men with him to begin development work. Mr. Gianella states he believes he has an excellent prospect and that the mine will develop into something big. It is situated in the Buck range of mountains.

UNDERGOES OPERATION.

Henry Minucciani underwent an operation at the South San Francisco Hospital July 12th, and is now doing as well as could be expected. Dr. F. S. Dolley performed the operation.

GETS WARRANT FOR PEDRO VALLEY KILLERS

Mrs. A. Monocci, widow of Attilio Monocci, Pedro Valley innkeeper, who was brutally murdered by thugs at his place of business, the Adobe House, Sunday morning, July 4th, appeared before Judge W. J. Smith of South San Francisco Wednesday and swore to a complaint against two of the gang whose arrest, it is believed, will follow shortly. Warrants were issued for the men, charging murder. The names appearing on the warrants are John Doe and Dolly Bacigalupi. Bacigalupi is the man whose picture Mrs. Monocci identified in the rogues' gallery in San Francisco as that of one of the gang who, in her presence, beat her husband so brutally that he died as a result. This man has already served two terms in the penitentiary.

Mrs. Monocci was accompanied into court by her attorney, W. Stafford of San Francisco.

BABIES BEING LISTED FOR BIG BABY EXHIBITION

Nearly forty babies have already been registered for the big baby show to be held at the Red Cross health center in South San Francisco the week beginning August 2d. It is believed that before the show opens several hundred will be added to this list. It is announced that every child examined will be given a souvenir.

The Red Cross has established permanent headquarters at 431 Grand avenue, and here free weekly consultations will be held with mothers of babies. Another plan, arrangements for which are now being perfected, is for a series of social evenings for ex-service men. These arrangements will be announced later.

The committee for the baby show consists of Mrs. Carrie Winterhalter, Mrs. Lillian Walker, Mrs. W. J. Martin, Mrs. F. A. Cunningham, Mrs. E. P. Kauffmann, Mrs. Andrew Hynding, Mrs. H. A. Cavassa, Mrs. Edward Molony, and Mrs. R. S. Irvine.

There is no denying the fact that this is a land of milk and honey, but many people don't know where the milk is and can't find the honey.

SANTA CLARA ATTORNEY AFTER JOB IN CONGRESS

Arthur M. Free, for several years district attorney of Santa Clara county, has announced his intention of seeking the nomination on the Republican ticket as congressman from the eighth district, the position now held by Hugh S. Hersman. Mr. Hersman is a candidate for re-election, and will be opposed by either Mr. Free or by Fred M. Schauer of Santa Barbara. Mr. Schauer having also announced his intention of going after the Republican nomination.

A WARNING FROM THE MOTOR VEHICLE DEPT.

Every person who would drive an automobile in California first must secure an operator's license. The mere possession of the car and a license for the car, does not permit its owner to drive it unless he has this license. Neither can any one drive any car, unless he has this operator's license.

Formerly the license had to be renewed every year, but now they are good until revoked. A glance at the old license will tell whether or not it should be renewed.

Every person who motors should

have one of these licenses, for he is liable to arrest unless it is in his possession when he is operating a car.

These licenses are issued upon application, and do not accompany the car license without an application. But the application is all that is necessary, there is no fee for its issuance.

CITY TRUSTEES MEET IN REGULAR SESSION

Water Rates Recommended by the R. R. Commission Modified; Ordinances Adopted.

The report of the water commission was read and approved by the city trustees Wednesday night. The commission reported it had modified the Railroad Commission's schedule of rates in some instances because it considered them excessive, the principal modification being the rate of 2 cents per square yard of garden where there were no meters, which was fixed for the time being at a flat rate of \$1.75 per month. The commission also recommended that the board accept the resignation of A. Mortensen as superintendent of the water system and appoint T. E. Ashby in his place. Mr. Ashby was formerly in charge of a portion of the water system and has proven himself capable of handling the situation.

The reports of city officials were read and ordered approved. A number of claims were allowed. The claim of A. Mortensen for \$107 was referred to the water commission for investigation.

A communication was read from L. M. and George Hawkins, protesting against the license of \$10 to be placed on every lot sold in San Bruno, and suggesting that instead a license be placed on every real estate agent in the city. This letter was ordered filed.

J. F. Coulter of Belle Air asked that a light be placed on Fifth avenue between San Bruno avenue and Pine street in said addition. This was referred to the lighting commissioner.

A communication was received from the volunteer firemen, asking that the board make an allowance in its next budget to meet the cost of remodeling the firehouse. Referred to the fire commission.

The report of the health board was accepted and ordered filed.

A communication was received from J. F. Cheatham regarding the terms on which the city may use his leased property for a municipal market, and asking that his rights as lessee be not infringed upon. The attorney was instructed to frame a letter in answer.

The ordinance creating a municipal market was adopted by a majority vote.

The ordinance imposing a license tax on all real property sold in San Bruno was adopted.

An ordinance regulating the closing hour of poolrooms in town and imposing a tax of \$50 per year on them, was passed.

A large crowd attended the meeting and were well pleased with the efficient manner in which the city's business is conducted.

STATION MOVED.

The small station on the electric railroad has been moved to face to the north. In the new position a better view is given those in the station of the incoming car. The moving of the waiting room is a result of the death of Mrs. Gilbert Wilkison July 3d. Mrs. Wilkison stepped from the station to take the northbound car without seeing the southbound car which was close upon her.

P.T. ASSOCIATION SETS PICNIC FOR LATER DATE

The Parent-Teacher Association will not have its picnic Tuesday, July 20th, as was originally planned, on account of many of the members being out of town. The picnic will be held at a later date, which will be duly announced.

MRS. THOMAS LEACH DIES OF LOCKJAW

Mrs. Anna Leach, who was injured on the evening of July 5th in an automobile accident, passed away at the Red Cross Hospital Wednesday afternoon. Mrs. Leach's death came as a shock to her many friends. It was believed at first that Mrs. Leach's injuries were comparatively slight and she was taken to her home two days after the accident, when Monday afternoon she was taken with lockjaw. Under the care of Dr. Smith she was removed to the Red Cross Hospital, where death followed.

The deepest sympathy of the community goes out to her son, Thomas Leach Jr., in this second great loss. Mrs. Leach's death comes as an aftermath of the accident at Baden on the night of July 5th, when the machine in which were Mr. and Mrs. Leach and the son, Thomas, was wrecked and Mr. Leach killed.

DIVORCES.

Divorces in this country are becoming as numerous as fleas in a dog kennel in summer.

There are many causes which lead to this scrambled condition of some of our American homes. Many people rush into matrimony without a sufficient knowledge of the inner characteristics of each other. There is a tendency in modern humanity to throw off the restraints practiced by our ancestors, and people are becoming more independent than heretofore. In addition the lawyers are very shrewd and the courts are often quite accommodating, with the result that as soon as a couple begin to disagree their first thought is of a divorce.

There are conditions under which it is easy to concede that one person can hardly continue to live with another and still retain his or her self-respect, but these exceptional cases form the basis of only a small percentage of our divorces.

American morality is in the balance, and the scales are exceedingly fickle.

WHEN DEACONS PROFITEER.

"It is useless to forbid larceny when the deacons make large church contributions out of excess profits wrung jointly from labor and the ultimate consumer."

That statement was made by Vice-President Marshall at a recent church mass meeting, and in those few words lies one of the secrets of the waning power of the church, and of the rise of wickedness and selfishness.

Man can not praise the Lord on Sunday and serve the devil on Monday and still retain the respect of his fellow men.

The man who is reasonably decent but makes no pretension to Christianity can be respected for just what he is, for his very honesty in admitting his imperfections is a commendable trait. But the one who wears the cloak of the Lord to hide the work of the devil is deserving of just what he receives—the contempt of all good people who know him as he is.

There are good deacons and there are bad ones. The good ones do much toward the elevation of the human race. The bad ones besmirch the whole church with their own mire.

Placing one's ear carefully to the ground, faint rumblings can be heard of an early drive of the anti-tobacco forces. And to meet force with superior force, we suggest an onslaught of the army of anti-corsets, anti-rouge, anti-face creams, anti-leg displaying skirts, anti-bare backs and breasts, anti-chewing gum, anti-ice creams, anti-confessions, and anti-gossips. Mere man is only mere man, but when backed up against the wall and in desperation he will let out a few whoops of wholesome truths. On with the scrap!

Astronomers at Harvard University tell us that about 200,000 years ago a small star collided with a dark nebula, the friction causing a great conflagration, or flareup. This illumination, according to the astronomers, has been traveling through space toward us at the rate of 186,000 miles a second, and is just beginning to be noted through the most powerful telescopes. Now what are you going to do about it?

Mrs. Harding, wife of the Republican presidential nominee, started feminine tongues to moving by wearing a pair of frayed gloves after her return home from the convention. Now if the better half of the Democratic nominee can be persuaded to appear in public with a pair of ripped stockings, the feminine fireworks will be so illuminating we men will have amusement enough to last throughout the campaign.

Are the morals of this nation in a state of rapid decline? One is inclined to think so, from the mass of disgusting details served up daily by the city newspapers. The city circulation of today depends to a considerable extent upon the amount of sensationalism the editor can crowd into his pages. Legitimate news articles are the last to be read.

Don't worry over a little thing like having your sugar rationed to you again. We humble individuals should do nothing to interfere with those amiable gentlemen who so delight in exporting enormous quantities of sugar to Europe at stupendous profits to themselves. For how else can they get richer quicker?

Feel like making a gallon or two of booze for your own use? Don't do it. Under the provisions of the prohibition law the government, if you are detected, can seize the real estate on which it was made and throw you into the street. The ants appear to have put sharp teeth into the law.

Life holds a barrel of joy for you, if you want it. But it expects you to pull the plug out of the bung hole.

The young man with a multitude of ideas often finds that his multitude has become nothing but a jumble.

The railroads want a billion-dollar increase in freight rates, or rather they want an increase that will produce that much additional income. Give it to them. The consuming goat still has a square inch or two of hide left on his lacerated back.

It takes time, brains and great personal effort to accumulate a fortune. Men will make large contributions of their hard-earned fortune for the sake of electing "their man" to public office. Why?

It is distressing to think our rich men have to go to Europe to get a "drink," and equally distressing to think that many Europeans have to come here to get something to eat.

It's quite sporty to read the baseball news each day, but it would be even more sportsmanlike to pull off a game ourselves once in a while.

Even the lowly but useful angleworm has not escaped the high cost craze. Twenty-five cents a dozen is a modest price at some fishing resorts.

Fortunes are not made by loafing on street corners and making suggestive remarks about women who pass by. But reputations are—of a kind.

Don't worry over the troubles of your neighbor. The modern way is to let him worry over yours.

It's no disgrace for a brave man to admit that he has been licked by a better man. Only the craven tries to bluff it out afterwards.

ANGELO SCAMPINI GETS JOHNSON'S RECOMMENDATION

E. E. Cunningham and Angelo Scampini had an interview with Senator Hiram Johnson Tuesday at the law office of Johnson's son, Archibald Johnson, in San Francisco. At this meeting the senator gave to young Scampini a letter of recommendation to help him secure a position in the consular service of the United States. Scampini took examinations for this work in Washington recently, and as it was thought the senator's recommendation would help him to get the coveted position, the interview was secured. Although he has not, as yet, learned the result of his examinations, Scampini is confident that he passed. If such proves to be the case he will get an appointment to a foreign embassy and be given two years at a foreign university on giving his promise to devote at least five years to the consular service.

Senator Johnson declared to Mr. Cunningham that he was in no wise cast down by his defeat for the presidency. He stated that he expected during the next four years to wage a determined fight to secure the passage of direct primary election in national affairs for the people of the country.

SECOND PERIOD CLOSES.

(Continued from page 1.) boasting. And it has not been confined to this locality alone, but has reached out until there are scores, yes, hundreds of eager and watching friends for miles around who are awaiting the final outcome with abated breath.

A striking feature of the past week is the personal pride that is becoming so noticeable. Several of the candidates have voiced their determination to win at all hazards. One declared that to accept defeat would be a disgrace. Another says that she owes it to her friends who have helped her so loyally up to this point to put forth every effort and to draw on every resource to the extent that, when the final day of reckoning comes, everything will have been done and nothing left undone to better her chances to win.

Enter, Civic Pride

So, on a basis of personal honor, the competition is being waged zestfully. Shedding lustre on this inspiring sight is the civic pride that is manifesting itself. This mighty factor is the bulwark behind each of the various contestants. In short, each community and each faction is solidly behind its favorite, and no community, "set" or "crowd" that values its reputation for "doing things" is going to let another ride off in the big prize auto when a little concerted effort will "bring it home."

For this reason, and for the reason that the difference in value between the grand capital prize of this contest and the secondary awards is a matter of approximately thirteen or fourteen hundred dollars (quite a tidy sum in itself) you may expect to see a desperate struggle on all sides before the grand prize is finally awarded.

Big Votes Near Finish

Eight o'clock tomorrow night—Saturday, July 17th—is the last chance to enter subscriptions or Adv. and Job Printing orders in this contest and secure big votes. Make every hour, yes, every minute, count while you may. After this hour and date all subscriptions, etc., together with the amount to cover, will be deposited in a sealed ballot box, located in the office of the Cunningham Land Office.

HOT WATER

MORE NECESSARY IN SUMMER THAN IN WINTER

Summer brings no lessening demand for HOT WATER.

It is then that an abundant supply is even more necessary because of the many articles of light wearing apparel that enter into the family wash.

Summer comfort requires many fresh, cool changes of clothing. The children's dresses and washable suits must be kept fresh and clean in spite of the wonderful opportunities to get them dirty playing out-of-doors.

Then there are the frequent baths that are so delightfully refreshing at the end of the hot days and dusty walks or drives on country roads.

The unfailing source of all the hot water you can use is an INSTANTANEOUS GAS WATER HEATER. It is not expensive to operate because gas is consumed only when hot water is being drawn.

NOTIZIE DALLA CONTEA IN ITALIANO.

I CONTINUI PROGRESSI DEL GROVE NO. 171, U. A. O. D.

Il South San Francisco Grove dei Druidi e' infallibilmente l'associazione numericamente piu' forte di questa municipalita', e la colonia Italiana ne e' giustamente orgogliosa di essa, perche' non solamente ne trae da essa i benefici diretti in caso di malattia; ma anche moralmente puo' imporsi a qualunque movimento in favore dell'italianita' in questa piccola borgata.

Sotto il movente del Mutuo Soccorso, in essa vi si raggruppono indistintamente tutti gl'italiani previdenti: dal semplice bracciante al benestante, dal mestierante al commerciante ed al lavoratore della terra; in somma tutti ne sentono il bisogno di esserne parte integrale di detta associazione.

E' fuor di dubbio che il continuo incremento del So. S. F. Grove, No. 171, U. A. O. D., e' opera degli infaticabili ufficiali che in questi ultimi anni seppero, cosi' maestrevolmente reggerne le redini. All'ultima convenzione dell'ordine dei Druidi, che ebbe luogo a Livormore negli ultimi giorni dello scorso giugno il locale Grove fu classificato il terzo nello stato della California, e a detta degli attuali ufficiali in carica, per la prossima convenzione annuale che avra' luogo a San Luis Obispo nel 1921 si propongono di raggiungere il primo posto. La loro attivita' predice l'avverarsi del loro proponimento. I fatti sono indiscutibilmente i coefficienti che portano a termine i progetti. E in tema di fatti gli attuali ufficiali non sono affatto privi. Una prova di cio' e' la grande iniziazione di nuovi candidati che ebbe luogo sabato sera u. s. Undici nuovi membri furono ammessi e moltissimi altri sono in aspettativa per le prossime riunioni.

Essi rispondono ai nomi seguenti: Giovanni Longinotti, Baldi Arduino, Angelo Varalli, Alberto Martini, Vittorio Camerin, Luigi Sani, Adolfo Sani, Merla Giuseppe, Arturo Pacini, Civia Massimo e Celestino Corbezzolo.

La cerimonia d'iniziazione fu diligentemente diretta dal Nobile Arco Passato Sig. Stefano Barbetti il quale, per l'occasione prese il posto del Nobile Arco. Da Vice Arco funziono' il Sig. Carlo Tacchi che attualmente copre detta carica. L'ufficio di Conduttore fu espletamente eseguito dal Sig. G. Denardi, l'attuale Nobile Arco. G. Magnaghi e G. Brovelli funzionarono rispettivamente da Nobile Ovato e Nobile Baldo.

Si cerca marito e moglie per lavorare in un "Ranch" in Santa Clara Valley. Si preferisce Italiani. Buona paga o divisione del raccolto oppure si affitta per un ann o piu. Rivolgersi all'ufficio del giornale.

L'ASSASSINIO DEL PESCIVENDOLO E' SEMPRE AVVOLTO NEL MISTERO

E' gia' quasi una settimana che il pescivendolo Pietro Roccosalva e' stato trovato assassinato nel cortile della sua casa al No. 713 Linden avenue in South San Francisco e ancora il triste misfatto trovasi avvolto nel piu' fitto mistero.

Il fattaccio avvenne nella notte di domenica scorsa verso le ore 10 e gli assassini non lasciarono nessuna traccia che potesse condurre alla loro scoperta.

La polizia locale e' dell'opinione che il povero Roccosalva fu vittima di qualche cospirazione e che egli fosse stato ucciso per vendetta in seguito a vecchie questioni che, si dice, abbia avuto a New York tre o quattro anni fa per le quali dovette lasciare quella citta' per venire a stabilirsi in California.

Non si sa esattamente se egli avesse nemici o no in questa parte dello Stato, e nessuna evidenza lascia supporre che il delitto fosse stato fatto per scopo di rapina.

I vicini del Roccosalva dicono che due individui gli fecero visita nel dopo pranzo di domenica, e la polizia sta indagando per sapere chi fossero nella speranza che questi abbiano a far luce sul misterioso delitto.

Il corpo dell'ucciso fu trovato dai vicini verso le ore 10 di domenica sera in seguito ad un'investigazione fatta 10 minuti dopo aver inteso a sparare parecchi colpi di rivoltella. In detto frangente gli assassini ebbero campo di fuggire.

L'uomo e' stato colpito da due colpi al petto e fu trasportato nella sala mortuaria di S. Neri.

Il funerale ebbe luogo mercoledi nel dopo pranzo e vi parteciparono un centinaio di membri del South San Francisco Grove dei Druidi al quale il povero Roccosalva vi apparteneva. La salma fu tumulata nel cimitero Italiano.

LA BELLISSIMA OPERETTA, "LA VEDOVA ALLEGRA"

Come il pubblico e' gia' infornato dagli avvisi e programmi, Domenica prossima 18 Luglio avremo il piacere di gustare la splendida musica, di quel gioiello d'operetta che si chiama "Vedova Allegra." Il voler dilungarci vieppiù maggiormente sui pregi musicali di detta operetta, lo crediamo superfluo, dato che molti della nostra colonia di South San Francisco, avranno, con tutta certezza, avuto gia' il piacere di gustare, apprezzare ed applaudire quelle splendide melodie quella musica tanto indovinata, che ha destato i piu' franchi e grandiosi entusiasmi, in tutte le parti del mondo. E'

la prima volta che uno spettacolo di questo genere e' presentato alla nostra colonia, quindi si e' sicuri che la sala della Fraternal Hall sara' piccola per contenere la gente. Se poi pensiamo che oltre all'operetta, avremo anche quella maga ammalia-trice della Sig. Irene Veneroni, non dobbiamo piu' assolutamente dubitare che sara' questa di Domenica, una serata che restera' memorabile fra noi. Non sono che 15 giorni che questa simpatica artista ha rappresentato la stessa "Vedova Allegra" in San Francisco e tutti sappiamo quante lodi hanno espresso per lei, i giornali di San Francisco. Fu una vedovella seduttrice, attraente e seppe farsi ammirare ed applaudire, senza ricorrere assolutamente a mezzi che avessero potuto toccare anche lontanamente la suscettibilita' di qualsiasi signora o signorina, in tutto cio' che riguarda moralita' e decenza. Chi mai si sarebbe aspettato di poter avere anche noi il piacere di ammirare? Ringraziamo percio' la serata, la Sig. Ida Aratoli che ha avuto una cosi splendida idea, e noi da parte nostra credo che possiamo garantire la Sig. Aratoli che la sua magnifica idea, sara' coronata da un completo successo, poiche' Vox populi, Vox dei! Non si parla d'altro nella nostra colonia quindi ripeto le parole antecedenti. La sala della Fraternal Hall sara' piccola per contenere la gente.

ENRICO MINUCCIANI E' GRAVEMENTE AMMALATO

In seguito ad improvvisi ed acuti dolori, il conosciutissimo nostro connazionale Enrico Minucciani venne trasportato, lunedì sera, al South San Francisco Hospital dove a dovuto sottostare ad una difficilissima operazione chirurgica. I dottori speranti, in seguito all'appendicite, trovarono altre complicazioni le quali prolungheranno la convalescenza dell'ammalato. All'infelice connazionale auguriamo una sollecita guarigione.

"Of Such is the Kingdom of Heaven"

Inside the great brass statue of Moloch a roaring fire was built on holy days.

And into the seething arms of the pitiless god mothers hurled their screaming infants.

In the South Sea Islands, when either parent died, the children were slain and buried also, to wait the parent in the other world.

In China the girl babies were drowned; in Greece they were exposed upon the bleak and bitter mountainsides.

And even Socrates, the greatest of the Greeks, saw nothing in the practise to condemn.

Thus the ancient heathen world treated its babies.

Who was it that changed the world's thought about children? Who made them the most important citizens of the world?

Jesus of Nazareth. It was He who said "Suffer little children to come unto me and forbid them not."

He gave them the proud privilege of being His friends.

In every age His Church has been the champion of childhood. Dathews, a Christian Bishop, founded the first orphan asylum. All the laws for the protection of children have their roots and their security in His Church.

SAN BRUNO NOTES.

MARKET MEETS WITH SPLENDID SUPPORT

The San Bruno municipal market is meeting with a degree of success as great as its most enthusiastic promoters could wish. The people of San Bruno are responding to its support splendidly and doing their share to make it the success it is. The people from neighboring towns and also showing much interest in the new venture and speak of it most enthusiastically.

On Saturday, the next market day, different varieties of fruit will be featured, several producers having agreed to supply the fruit for that day.

LOCAL FIREMEN LOSE

BASEBALL GAME SUNDAY

The San Bruno firemen lost their first game of the season last Sunday to the Pioneers of San Francisco, after ten innings of well-played baseball, by a score of 5-3.

Bert Hodson, pitching for the locals, struck out fifteen of the opposing batsmen and allowed a few scattered hits which, unfortunately, came at the wrong time and counted on the final score.

Up until the eighth the score was 3-0 in favor of San Bruno, but two hits coupled with a pair of errors gave the Pioneers two runs.

In the ninth, with two down and a man on third, an infield hit to Hoops, playing third, who threw home and hit the runner, gave the victors the tying run and likewise the game.

The game on the whole was well played and the local boys are deserving credit for the good fight they put up.

FIREMEN PLAN DANCE

FOR EVENING OF AUG. 7

The volunteer firemen of San Bruno are planning a dance for the evening of Saturday, August 7th. The affair will be held at California Hall, and the residents of San Bruno are urged to come out and boost for the welfare of their local firemen. All possible arrangements are being made to assure everybody present a jolly evening.
